#### **Chapter 1 – Renwood (Opening)**

Instantaneously, I shot up from a deep sleep.

How could anyone stop for a rest after having experienced the torment that I had only hours before? The fire sat flickering quietly in front of me – an oxymoron for the current state of my furiously beating heart. Lying limply on the other side of the fire, my father was staring into the sky. Half of the fingers on his right hand were missing. They became the feast of a soul-destroying beast. The darkness of the forest seemed to push us further into its ever impending doom. How had the monstrous nightmare seen us? Was it still watching us now?
