We are excited to announce that Innovation Pod will be running its award-winning Coding Club at Downsell Primary School

YEARS 3 - 6 WEDNESDAY

Children in KS2 will be studying our thrilling 'Minecraft Coding' and 'Scratch Gamer' modules.

Our 'Minecraft Coding' module takes the ever popular Minecraft platform as an inspiration to teach children how to design and code. Fans of Minecraft and children who have never used the platform all love this module.

In our popular 'Scratch Arcade' module, children create retro arcade games which they share with children across the world. They consider design aspects and playability as well as solving difficult algorithms.
