## Dear Parents/Carers,

We are trying to promote healthy lifestyles within our school and in our community. Parents and children have expressed concerns about people smoking outside the school gates. Whilst we cannot enforce it, we would like to politely ask our parents/carers not to smoke outside the school gates, especially when children are around. Thank you for your support.

As a school we are constantly reviewing our safeguarding procedures to ensure all our children are safe. We have introduced a new system of releasing children from classrooms after school to ensure that every child goes home with the correct adult. I am certain you will appreciate that the safety and well being of all our children is paramount and by following this system it will allow for children to be sent out of the building only when their parents/carers are seen.

## Safer Internet Day

February 7th 2017 is **Safer Internet Day**, a day that is very important to our school and pupils. Safer Internet Day is coordinated by the Insafe network and is celebrated every year across Europe, and in other countries worldwide.

Our school is participating alongside hundreds of other schools across the UK and students will be learning about how to use the internet safely and positively.

We believe that internet safety education is a crucial element of the curriculum and an essential part of young people's development.

Please check out our school website for more information.
