

# 1decision Progression Routes

Year 1 - Year 6

Updated December 2020

# Introduction

1decision is a unique bank of resources for PSHE, which are continually updated and which you can be assured is evolving and changing to meet the needs of every child and school. 1decision keeps ahead of the trend, ensuring it always remains in line with both the statutory curriculum and good practice for the subject. This is a reflective programme and always aims to meet the needs of its users. In response to requests, this suite of progression routes has been devised giving you the full overview of how to deliver the programme year by year. This document:

- Provides a year 1 to 6 guide which comprehensively details how the units build year on year to match the current DFE statutory requirements and PSHE delivery programme
- Is outlined following the most recent Ofsted guidance detailing the elements of Intent, Implementation and Impact
- Mirrors our resources and additional documents e.g. policy writing document and Ofsted support
- Gives suggestions and thoughts for cross-curricular delivery as well as suggested additional reading – on top of that already offered within the *Teacher's Notes* built into the programme
- Outlines how these elements also meet the required safeguarding elements of the curriculum and wider school policy
- Offers a detailed outline to the vision and aims of the programme which may be adapted at the school level to match school aims and objectives
- Directs teachers, PSHE leads, and Senior Leadership Teams to areas for a delivery year by year

## Important note for schools

1decision knows that every child is an individual, every school is unique, every community is different. With this in mind, 1decision urges all schools to carefully reflect on the needs of their school community and all teachers to be flexible in their delivery. It may mean that the Who keeps us safe? unit in year 2 takes four weeks of lessons and Brushing Teeth just one week in 2020. However, in 2021, with a different cohort, this is reversed.

By using the baseline assessment, teachers will be able to see what requires a longer and deeper level of learning and which they can move more swiftly on. So, whilst 1decision has produced this very detailed and in-depth guidance we do not wish to take away from the unique suite of resources and the flexibility of the teacher and the schools to deliver each unit as they see fit and when they feel best.

We hope you enjoy this document and find it useful but as ever all feedback is warmly received via [info@1decision.co.uk](mailto:info@1decision.co.uk)

**Please note: This document follows our Year by Year suggested order of delivery (2), which you can view on the next page 4.**

# 1decision PSHE progression document – Years 1 - 3 - Keeping/Staying Safe

<b>Intent (Module)</b>	<b>Through 1decision</b>	We will provide a comprehensive and engaging PSHE curriculum which fully meets the need of every child.
	<b>Vision</b>	In an ideal world, children would arrive at school socially developed and ready to learn but this is not always the case. As such, high-quality life skills education is essential for all students to reach their full potential. 1decision provides an interactive bank of resources which supports PSHE, RSE, Health education, SMSC development, and safeguarding. Mapped to the PSHE Association's Programme of Study, and ensuring full coverage of the statutory elements for Relationship Education and Health Education, the 1decision resources help children to develop the skills needed to manage difference influences and pressures, as a part of their personal development. The unique suite of resources allows students to experience challenging situations in a safe environment.
	<b>Our aims</b>	During their time at primary school, children will encounter many of life's challenges for the first time. 1decision aims to provide children with the knowledge and skills needed to lead safe, healthy, and happy lives.

Extra Content	1decision resource	Extra content within the Feelings and Emotions Module
	Additional Content	<p>Good mental health is important to all of us and our mindfulness videos have been specially created to support young children.</p> <p>These videos take children on a journey through a short mindfulness story and can be used throughout the school day within the setting or alternatively as an activity to be used in a sensory area for children requiring support with relaxing.</p> <p><b>Please note: these mindfulness videos can be used at any point throughout the school day and do not have to be used alongside the topics.</b></p>

Intent (Module)	Through 1decision	We will provide a comprehensive and engaging PSHE curriculum which fully meets the need of every child.
	Vision	<p>In an ideal world, children would arrive at school socially developed and ready to learn but this is not always the case. As such, high-quality life skills education is essential for all students to reach their full potential. 1decision provides an interactive bank of resources which supports PSHE, RSE, Health education, SMSC development, and safeguarding.</p> <p>Mapped to the PSHE Association's Programme of Study, and ensuring full coverage of the statutory elements for Relationship Education and Health Education, the 1decision resources help children to develop the skills needed to manage difference influences and pressures, as a part of their personal development. The unique suite of resources allows students to experience challenging situations in a safe environment.</p>
	Our aims	During their time at primary school, children will encounter many of life's challenges for the first time. 1decision aims to provide children with the knowledge and skills needed to lead safe, healthy, and happy lives.

<b>Intent (Module)</b>	<b>Through 1decision</b>	We will provide a comprehensive and engaging PSHE curriculum which fully meets the need of every child.
	<b>Vision</b>	In an ideal world, children would arrive at school socially developed and ready to learn but this is not always the case. As such, high-quality life skills education is essential for all students to reach their full potential. 1decision provides an interactive bank of resources which supports PSHE, RSE, Health education, SMSC development, and safeguarding.  Mapped to the PSHE Association's Programme of Study, and ensuring full coverage of the statutory elements for Relationship Education and Health Education, the 1decision resources help children to develop the skills needed to manage difference influences and pressures, as a part of their personal development. The unique suite of resources allows students to experience challenging situations in a safe environment.

## 1decision PSHE progression document – Years 1- 3 - Hazard Watch

<b>Intent (Module)</b>	<b>Through 1decision</b>	We will provide a comprehensive and engaging PSHE curriculum which fully meets the need of every child.
	<b>Vision</b>	In an ideal world, children would arrive at school socially developed and ready to learn but this is not always the case. As such, high-quality life skills education is essential for all students to reach their full potential. 1decision provides an interactive bank of resources which supports PSHE, RSE, Health education, SMSC development, and safeguarding.  Mapped to the PSHE Association's Programme of Study, and ensuring full coverage of the statutory elements for Relationship Education and Health Education, the 1decision resources help children to develop the skills needed to manage difference influences and pressures, as a part of their personal development. The unique suite of resources allows students to experience challenging situations in a safe environment.
	<b>Our Aims</b>	During their time at primary school, children will encounter many of life's challenges for the first time. 1decision aims to provide children with the knowledge and skills needed to lead safe, healthy, and happy lives.

<b>Intent (Module)</b>	<b>Through 1decision</b>	We will provide a comprehensive and engaging PSHE curriculum which fully meets the need of every child.
	<b>Vision</b>	<p>In an ideal world, children would arrive at school socially developed and ready to learn but this is not always the case. As such, high-quality life skills education is essential for all students to reach their full potential. 1decision provides an interactive bank of resources which supports PSHE, RSE, Health education, SMSC development, and safeguarding.</p> <p>Mapped to the PSHE Association's Programme of Study, and ensuring full coverage of the statutory elements for Relationship Education and Health Education, the 1decision resources help children to develop the skills needed to manage difference influences and pressures, as a part of their personal development. The unique suite of resources allows students to experience challenging situations in a safe environment.</p>
	<b>Our Aims</b>	During their time at primary school, children will encounter many of life's challenges for the first time. 1decision aims to provide children with the knowledge and skills needed to lead safe, healthy, and happy lives.

<b>Intent (Module)</b>	<b>Through 1decision</b>	We will provide a comprehensive and engaging PSHE curriculum which fully meets the need of every child.
	<b>Vision</b>	<p>In an ideal world, children would arrive at school socially developed and ready to learn but this is not always the case. As such, high-quality life skills education is essential for all students to reach their full potential. 1decision provides an interactive bank of resources which supports PSHE, RSE, Health education, SMSC development, and safeguarding.</p> <p>Mapped to the PSHE Association's Programme of Study, and ensuring full coverage of the statutory elements for Relationship Education and Health Education, the 1decision resources help children to develop the skills needed to manage difference influences and pressures, as a part of their personal development. The unique suite of resources allows students to experience challenging situations in a safe environment.</p>
	<b>Our Aims</b>	During their time at primary school, children will encounter many of life's challenges for the first time. 1decision aims to provide children with the knowledge and skills needed to lead safe, healthy, and happy lives.
